## Special Called Meeting

Territory of New Mexico,  
County of Quay.

DECEMBER 21, 1926.

The Honorable Board of County Commissioners met in special session at per call of chairman. Present, Chairman T. A. Wayne, and commissioner Florentio Martinez. There being a quorum present the Honorable Board proceeded to business.

Now comes W. F. Jacobson, for John Welch and states that said John Welch was erroneously assessed for the year 1926, at the sum of \$200.00, and that the exemption of \$200.00 as a head of a family, was not allowed to him by the Honorable Assessor. The board after considering the above petition ordered the same allowed as requested.

Now there being found that there is a clerical error of \$450.00 in the rendition of Sam H. Coover for the year 1926, the same is ordered corrected and stricken from the rolls.

It being found that Mrs. Ada J. Delk, a widow was not allowed the \$200.00 exemption as head of family, for her rendition of 1926, the treasurer is hereby authorized to allow her \$200.00 exemption and credit her on the rolls for her rendition of 1926, with such amount of \$200.00 as required by law.

It having come the knowledge of the Honorable Board of County Commissioners that there were several parties assessed in Quay county for the year 1926, who were entitled to \$200.00 exemption as head of families, and that said exemption was not allowed to said parties, therefore the Honorable Board of County Commissioners hereby authorize the acting treasurer to rebate the \$200.00 exemption to all heads of families who were not allowed the exemption for their rendition of taxes for the year 1926, as provided by law, provided that the Treasurer shall first have any and all parties who apply for such exemption, to make an affidavit that he was the head of a family residing in Quay county, at the time he made his rendition for taxes for the year 1926, and there was no exemption allowed him or her as provided by law.

Now comes A. R. Carter and requests the Honorable Board of County Commissioners to grant him a permission to close the section line on the west line of his homestead entry beyond the entrance to Mrs. Ada J. Delk's homestead entry, in consideration of the said A. R. Carter allowing a strip of land twenty-five feet wide on the east side of his homestead entry, adjoining to the section line for a public highway, which said request was duly granted by the honorable board.

Now comes M. B. Goldenberg and requests the honorable board to return \$200 deposited by him with the honorable board for the defraying expense of election which was had for the incorporation of the town of Tucumcari, the said election having been carried and the town incorporated. Therefore the chairman is hereby directed to refund the said amount of \$200

to the said M. B. Goldenberg, as provided by the law.

The board now proceeded to the naming for Judges of election, for the election of Justice of the Peace and Constable to be had on the 16th day of January, 1927 in Quay county, N. M.

For precinct No. 1, Tucumcari. W. F. Buchanan, A. B. Thompson and Donald Stewart.

For precinct No. 2, Kewaunee. Gregorio Angel, Benesolado Muris and Francisco Barreras.

For precinct No. 3, Rodeo. R. E. Hedgecock, Horace Easley and C. J. Feltwell.

For precinct No. 4, Puerto. Fred Walters, J. M. Stradley and George Yates.

For precinct No. 5, Dodson. Jim Bond, S. S. Gibson and Doroteo Garcia.

For precinct No. 6, Montoya. Chas. Kuhn, J. R. Wood and Pablo Gomez.

Now comes J. A. Street, Sheriff, and requests the honorable board to be allowed the use of the two offices on the north side of the court house, which said request was duly granted, and it is further ordered that the Sheriff be made the custodian of the court house. The board now adjourned until the 21st day of December, 1926.

T. A. Wayne, Chairman.

Attest—  
J. V. Gallegos, Clerk,  
By N. V. Gallegos, Deputy.

## A Whistler Witticism.

James McNeal Whistler, the artist, was appreciated among his friends as much for his trenchant wit and sarcastic sayings as for his genius.

A young lady on one occasion, her first meeting with Whistler, was giving vent to her appreciation of the "artistic temperament," and was evidently of the opinion that she possessed that requisite herself.

"It is wonderful," she said in conclusion, "what a difference there is between people."

"Yes," replied Whistler, "there is a great deal of difference between matches, too, if you only look close enough, but they all make about the same blaze."—New York Times.

## Sorrow Of It.

"More trouble," sighed McNulty, putting on his coat. "If it ain't one thing it's another."

"What's the matter now?" queried his good wife.

"More labor troubles," answered McNulty.

"Not another lockout, I hope," said the partner of his sorrows.

"No, it's worse than that," answered the alleged head of the house. "The boss has yielded and I've got to go to work again."—Chicago News.

## Perils of the Missionary's Life.

Missionary work among the natives in southern Africa appears to be full of peril. In time the missionaries' successors will be entirely secure in their effects, but their self-sacrificing toil among the black tribes seems at present to be dangerous, especially among the people with whom the Germans are brought in contact.—New York Tribune.

## Ruling Prices for Diamonds.

Diamonds, according to a Chestnut street dealer, will never be as cheap as they have been nor cheaper than they are today, when the prices are about 40 per cent in advance of those of five years ago. The cause of the rise is increased demand. The present limit made by the trust to the annual output is 140,000,000, and it has been maintained at that for several years. As the demand increases the trust simply raises the price, but keeps the output stationary. Curiously enough, old diamonds remaining in dealers' hands—that is, diamonds purchased by them before the prices were raised—are generally held for sale at the old prices, and it is not an unusual thing to see two stones which are alike in size, color and quality held at different prices by the same dealer.—Philadelphia Record.

## America Leads in Autos.

Statistics are now brought forward to show that America has supplanted France as the leader in the motor car industry. Not only does the United States supply 95 per cent of the cars now in this country, but American manufacturers are now shipping cars all over the world.

## Chauffeurs in Army Uniform.

Among the staff of the royal garrisons of Italy a semi-military system has been introduced. The director will wear the uniform of an army captain and the chauffeurs that of the ranks.

## Dangers of Colds and how to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's cough remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.
